January 2012

RE: Sutherland Shire Council Development Application no **DA11/1270**

Description: Torrens Title Subdivision of One (1) Lot Into Seven (7) Lots,
Construction of a Meeting Hall (Place of Public Worship),
Construction of an Internal Road and
Ancillary Works Comprising Translocation of Existing Melaleuca
Deanei

By completing this petition, I call upon Sutherland Shire Council to reject the development application to build a meeting hall/place of public worship with capacity to hold 900 people in Forum Drive, Heathcote, NSW. This applies to any future development applications relating to this type of development.

I believe this is an inappropriate development and is completely out of character for the area.

It is not in the public interest and would adversely affect the amenity of the neighbourhood.

The increase in traffic and hours of operation of the place of worship would affect the peaceful living enjoyed by the local families and have a negative impact on their health and safety.

The increase in traffic would also greatly increase pollution and have a subsequent impact on the environment.

Public Access to the National Park is unclear.
